Mulching Authorization

Now is the time to be mulching and pruning. We offer these services from now until early autumn. If you have already signed up, please enjoy your summer and disregard. For our Gold Plan Accounts, mulching your gardens is a requirement as per-your contract. If your maintenance crew leader has been leaving you notes about your mulching needs, he is doing so for the following reasons:

- To protect your shrubs, trees and bedding plants.
- To ensure proper moisture near the root zone. (This could save you half the amount of water compared to unmulched gardens.)
- To keep weeds in check so the crew can keep your home looking its best.
- Do not forget to water you landscape. It needs about 1" of water per-week during the summer months.
